THEME

In recent decades, globalization has created opportunities, reduced poverty, and supported peace for billions. US-China power struggle, the ongoing Russo-Ukrainian war, and the global economy is breaking in two. Developed countries have become toxically polarised. Climate change matters as never before.

Taking these trend lines will surely produce a global crisis. Governments will respond, but the scale of the challenge is greater than in past. With this in mind, we are presenting and enlightening our focus on the present theme "*Geopolitics*".

RULES

The event is a resemblance of an Oxford-style debate.

The organization has restructured the Oxford format debate to enhance the culture of debate in students.

Following are the revised OFD rules for the event:

- The debate will begin with opening speeches from both teams consisting of two members each.
- Rebuttal round.
- Closing speeches by both teams

RULES

STRUCTURE

The format for 'Infacto' rounds will be as follows:

- 1) League
- 2) Quarter Finals
- 3) Semi-Finals
- 4) Finals

There will be eliminations in each round, the criteria for which will depend upon the number of participations received.

Dress code: Formals

*Topics will be shared prior before the event on your registered email id.

ABOUT US

We are the Orator Club, a pioneer club founded by students of the Indian Institute Of Information Technology, Nagpur (an institute of National Importance).

Our prime motto is "*Elocution, Diction, Oration.*" We are on a mission of educating and creating awareness among people regarding various topics by organizing events, debates, and seminars. We aim to not only strengthen but also to nurture the zeal of oratory and debating in the students.

The background features a dark gray color with several overlapping geometric shapes. At the top right, there is a Wi-Fi symbol composed of three concentric, curved lines. Below it, a large, light gray arrow points upwards. The bottom of the image is partially obscured by three dark gray rectangular bars of varying heights, which appear to be part of a navigation or interface element.
